

HOLOGRAPHIC PAINTS

PAINTS WITH COLOR CHANGE EFFECTS

Holographic paints create prismatic effects with rainbow reflections. Their microscopic wavy particles reflect the incident light and break it down into all shades of the color spectrum.

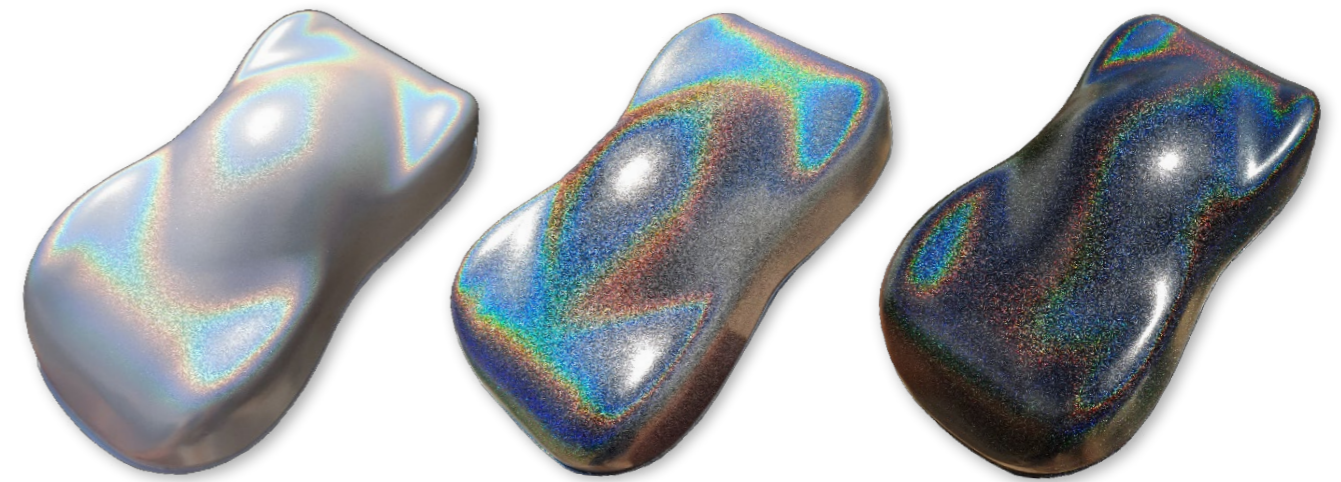

HOLOGRAPHIC PAINTS

PAINTS WITH COLOR CHANGE EFFECTS

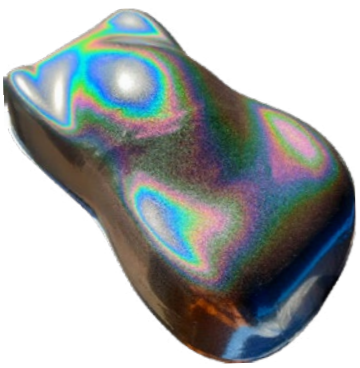

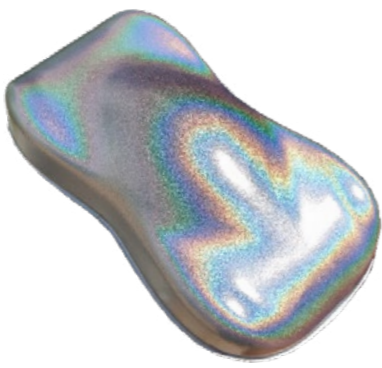

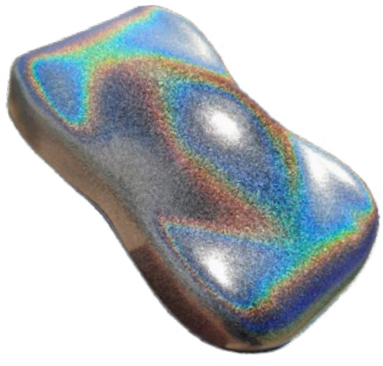

Holographic paints create **prismatic effects with rainbow reflections**. Their **microscopic wavy particles**, reflect the incident light and break it down into **all shades of the color spectrum**.

We manufacture holographic paints in grades of quality and particle fineness, from **metallized polyester micro flakes (68 and 200 µm)**, to **aluminum micro pigments from the latest technologies (10, 12, 20, 35 µm)**.
